第一步,修改服务器主机名称,如下图:

Windows	使用以下信息在网络中标识这台计算机。	
计算机描述(0):		计算机名/域更改
	, 例如: "IIS Production Server" 或 "Accounting Server"。	可以更改这台计算机的名称和成员身份。更改可能影响 络资源的访问。详细信息
计算机全名:	CITRIX5	
工作组:	workgroup 1	
要重命名这台计算 单击"更改"。	机,或者更改其域或工作组,请 更改(C)	计算机全名: CITRIX5
		其他 (M)
		 ① 工作组(W): WORKGROUP

第二步,卸载 Citrix License Server,卸载后重新启动电脑,然后重新安装 Citrix License Server;如下图:

- 组织 * 📊 视图 * 🛃 卸報 💐	9 更改 😓 修复	ie press	Citrix Licen	se Server
[]称 ▲ •	发行者		▼ 安 •	大小
Citrix Access Management Console	Citrix Systems,	Inc.	2009/	
Citrix Access Management Console	Citrix Systems		2009/	14.1 MB
Citrix Licensing	Citrix Systems,	Inc.	2009/	29.6 MB
Citrix Web Interface	Citrix Systems,	Inc.	2009/	113 MB
Citrix XenApp 5.0	Citrix Systems,	Inc.	2009/	113 MB
Marcowie ywydau przycy winiem 10 m.	Mộ tự được Maria quay		5000 Å	7 90 MM

安装完成 Citrix License Server 后,需要把新 Hostname 对应的 License 文件上传到 Citrix License Server。如下图:

License Management Console

CİTRİX

					License Server CITR
	Current Usage	Historical Usa	ge Configuration	User Administration	
	License Files File Locations Threshold Options		Upload licens	se file	
	License File			浏览	
		Upload D Specifying an	Cancel D existing file will cause that	at file to be overwritten.	
第三步,	重新配置 Access	Management	t Console,跑一次(Configure and run discove	ery,新建一个 farm,如下图:

删除原 Citrix Server;如下图。

第四步,指定 Citrix License Server,如下图。

第五步,重新配置 Web interface,详细设置如下列图:

Explicit Pass-through			Properties
Pass-through with s	mart card		
Smart card			
Anonymous*			
Not supported by Xer	nDesktop.	Ν	
te: You should confi	gure your system to	support your selec	ted authentication

- General - Domain Restriction 1 - Explicit - Authentication Type - Two-Factor Authenticati - Password Settings - Account Self-Service	Domain Restriction Restrict access to the site to users in specific domains. C Allow any domain Restrict to the following domains: Domain list
	 Citrix5 2 4 Add Edit Remoyze 3 M When defining domain restrictions, ensure that the corresponding UPN restrictions are also defined or disable UPN format logons. UPN restrictions and domain display options can be configured by clicking Settings on the <u>Authentication Type</u> page.
	OK Cancel Annly

第六步,重新添加一个 Administrators 账户,并删除原 administrators 账户,最后把 Applications 重新发布即可。

Sutrix Access Management Console	1	
Alerts	Home My Views Search	Administrators

📩 User Configurations		
🦰 tenlischim Dofinition		

编后语:由于截图是后期截取的,难免有漏的步骤,反正秉承一句话,就是把 Citrix 中所有涉及到原来 Hostname 的地方,通通改成新的 Hostname 就可以了,有些地方无法直接修改的就新建一个设置再删除原设置,虽然做起来 非常繁琐,但还是希望对无法重装整个 Citrix 的朋友有所帮助。
